Capping rules for Incubator Grants
- An investigator can be CIA for only ONE of each grant category in the current round (eg. one other Project and one Major Project, in addition to the Incubator application)
- CIA on an Incubator can be CIB – CIJ on multiple other Incubator, Project and Major Project applications

Capping rules for Project Grants
- An investigator can be CIA for only ONE of each grant category in the current round (eg. one other Incubator and one Major Project, in addition to the Project application)
- CIA on a Project can be CIB – CIJ on multiple other Incubator, Project and Major Project applications

Capping rules for Major Project Grants
- An investigator can be CIA for only ONE of each grant category in the current round (eg. one Incubator and one Project, in addition to the Major Project).
- CIA applying for a Major Project can be CIB-CIJ on multiple other Incubator and Project applications
- CIA applying for a Major Project can only be listed on one Major Project, including as CIA or any other team member, in the current round
  - CIA on a Major Project cannot be CIB-CIJ on any other Major Project applications applied for in the current round
  - CIA on a Major Project can be listed as CIB – CIJ on a Major Project from a previous round (including if the grant/project is ongoing)
- CIA on a Major Project from a previous round (where the grant/project is ongoing, including approved extensions) cannot be CIA on an application to the current Major Project round
